- Little Adventures Early Learning policies and procedures detail the Services methods of operation, it's practices and inter-relationships with all who have an interest in the Service.
- The policies and procedures are live documents and as such, are reviewed regularly and updated as required to ensure compliance with all relevant legislative changes that occur as well as when Service issues are identified.

- The Nominated Supervisor will discuss Service policies and procedures with employees and students during their orientation, including advising them of where the documents are stored and how they can be accessed.
- All staff and students are required to read all policies during the orientation and induction process. A policy sign off record is completed indicating that they have read and understand each policy.
- All relevant stakeholders are provided with the opportunity to contribute to the review process (this occurs at least every two years however often occurs more regularly as legislation, centre practices and best practice recommendations change).
- When a policy or procedure is reviewed, staff are provided with an updated copy and asked to read and sign that they understand its content.

Policy review

The Service encourages staff and parents to be actively involved in the review of each of its policies and procedures. In addition, the Service will accommodate any new legislative changes as they occur and any issues identified as part of the Service's commitment to quality improvement. The Service consults with relevant recognised authorities, where necessary, as part of the review to ensure the policy contents are consistent with current research and contemporary views on best practice.
